## **Fresh Food Deliveries for Residents**

As of November 13, 2017, the Claremont Desk will accept food deliveries outside of regular Mail Room Hours for International House Residents from Fresh Direct, Amazon Food, Blue Apron, and other online vendors.

The Desk Attendant on duty will first verify that the recipient is a current I-House Resident. No deliveries will be accepted for non-Residents.

The Desk Attendant will then send the Resident an email notifying him/her of the delivery and identifying the delivery company.

Residents must be sure to pick up their packages in a timely manner – **deliveries will only be kept for up to six (6) hours**. There is not adequate refrigeration or storage available to keep packages beyond that time.

I-House is not responsible for any spoiled or damaged items.

Once the Mail Room is open for business the delivery will be transferred there. The Mail Room will then follow the same protocol as the Claremont Desk for notifying Residents.

### **Regular Mail Room Hours**
